

SpectrumConnectsFriendshipProgram

Life's better together...

Individuals on the autism spectrum face real challenges in meeting and getting to know new friends. Isolation is very common amongst individuals with ASD and unfortunately, friendships don't generally happen naturally.

That is where FEAT steps in to help.....

FEAT hosts events and activities to provide a welcoming, fun and engaging environment to help our participants meet others and grow meaningful friendships!

Program registration is FREE!! Just complete the online application at www.featsonv.org/spectrumconnects or email: spectrumconnects@featsonv.org to For additional information please call 702-368-3328
